

Quality Assurance

Our Quality Promise We are committed to ensuring that all our work is done to the highest quality and safety standards and our systems are under constant review and continual improvement. This commitment to quality includes improving our quality of products and our services to satisfy customer expectations as well as regulatory and legal requirements. "Regular audits and management reviews, ensure that the Kilcrest Quality System is continually being improved for the benefit of our customers", To support our commitment to Quality, we have implemented the principles of ISO 9001 to all facets of our Company and are ensuring that this policy is understood and maintained at all levels of Kilcrest (Pty) Ltd. Kilcrest (Pty) Ltd Management will create an environment in which each employee understands the importance of meeting the expectations of internal and external customers as well as regulatory and legal requirements and will contribute to the improvement and long term success of Kilcrest International Inc.
