

## Domestic Water Supply

Kilcrest can offer a comprehensive water treatment package to supply safe drinking water to the highest standard. Our smaller, private water treatment plants will be ideal for properties that do not have mains water and rely on a local natural water source.

- Farms
- Hotels
- Dairy Herds
- Holiday lets
- Isolated houses
- Country Estates
- Adventure Centres                      Lab Testing

Following a thorough analysis, a straight forward, cost effective solution can be planned and installed to purify your water supply and eradicate any waterborne impurities and water flow problems (perhaps your own mineral water supply).

From in house filtering to mini treatment plants

A small water treatment plant can be designed and installed to provide, cost effective, pure water for home use and larger scale projects for agriculture or estate uses. The units require little maintenance, much of which can be carried out by the householder and we can offer service contracts to meet all requirements.

Solve all kinds of waterborne problems including

- Cryptosporidium and Giardia
- Iron and Manganese
- Animal Grazing Coliforms
- Bacterial and Viral contamination
- Heavy Metals
- Discolouration                      Meets strict control regulations

Kilcrest will treat all types of water sources to provide a safe supply conforming to SABS standards and beyond. Each of our systems is site specific, designed to fit your requirements and the available space. Where possible our compact units are incorporated into existing buildings, minimising environmental and aesthetic impact on the local area. **After Sales Service:** We are in a particularly good position both to supply competitively and to back up the products and provide on-site assistance with product optimization, installation, set up and fault finding as required. Local product support and service back-up are provided throughout Southern Africa. **Technical Expertise:** Our team consists of degreed metallurgists, chemist and chemical engineers with varied experience collectively representing many years' industry experience. This team specializes in successfully delivering products and services to industrial and mining services to the whole of Southern Africa and beyond. Our successful track record is built upon a combination of diligence, flexibility, and process, all of which provides a thorough understanding our clients' needs. Our high-quality service, coupled with competitive rates and our extensive database, combine to make Kilcrest (Pty) Ltd the right choice for your solution needs.
